

FOR IMMEDIATE RELEASE

Momentum Payment Systems Announces Release of Clear Charge POS Software

Houston, TX. – February, 27 2009 – Houston, TX based Momentum Payment Systems, www.MomentumPayments.com, a full service electronic payment processing provider, recently announced the release of Clear Charge, their flagship point of sale software.

Clear Charge is a POS software. Simply install the software on any computer and it becomes a fully-functioning payment terminal. Clear Charge can process credit, debit, checks, electronic benefit transfers, and gift and loyalty cards.

Clear Charge has undergone recent enhancements including multi-merchant capabilities. This feature makes it possible for Clear Charge to process up to 9 different merchant accounts on one system, convenient for multi-merchant locations. Clear Charge is also an inexpensive wireless solution for merchants with a laptop and an aircard.

Clear Charge does not store cardholder data on the machine because it utilizes host data capture. This important feature makes it PCI and PED compliant. Also, the latest version of Clear Charge is Check 21 capable, with a Check Imager.

Momentum merchants who choose Clear Charge will receive automatic updates on future enhancements included in the standard pricing. Plans for future enhancements include internal reporting features providing daily, weekly and monthly reports for each separate payment category. Momentum is dedicated to ensuring merchants employ the latest technology not only now but in the future as well. .

"Our goal is to provide a wide range of cost effective solutions for our merchants in order to fit their specific needs," said John Crouch, Chief Information Officer. "Clear Charge makes it possible for us to offer an all-in-one software payment solution that is intuitive to the merchant."

About Momentum Payment Systems

Momentum Payment Systems is dedicated to bringing small business owners the best in electronic payment processing services backed up with outstanding customer service. At Momentum, we are committed to helping business owners maximize their revenue potential by offering quality products and services at competitive prices.
