Momentum Payment Systems Adds Way Systems' Mobile Transaction Terminal to Merchant Solutions Package

Houston, TX. – May, 2 2009 – Houston, TX based Momentum Payment Systems, www.MomentumPayments.com, a full service electronic payment processing provider, recently announced a new strategic partnership with Way Systems Inc. and will now offer Way Systems' Mobile Transaction Terminal and Printer.

The Mobile Transaction Terminal makes it possible to accept payments any time and anywhere by combining low-cost mobile phone technologies with the capabilities of a point-of-sale terminal. The terminal can process credit, pin-based debit and smart cards and can be paired with the mobile printer through its infrared wireless connection in order to print receipts quickly and easily. Unlike many other wireless units currently on the market they are easily portable. The printer and the terminal are small and lightweight, weighing only 5 and 8.8 ounces respectively.

"We believe that Way Systems' products will offer us another cost-effective and technologically-advanced wireless solution that we can offer our merchants in order to fit their payment processing needs," said Mark Harrelson, Chief Sales Officer.
